We're proud to have met – and exceeded – their highest expectations.

I highly recommend them to anyone who is truly discerning and demands the highest quality service and care. My Account Executive truly goes out of her way to personally take care of my projects."

Muffy - Associate Director, IPS

"INTEGRAM goes above and beyond on every mailing I send them! They deliver for me on time—and their competency and efficiency are matched only by their professionalism and resourcefulness. My INTEGRAM customer service rep even helps me with recommendations for package specifications, finds typos that I missed, and allows me to keep my focus elsewhere. I consider INTEGRAM a true partner."

Patrick - Account Executive, Response America

"I've been very impressed with the high quality of customer service at INTEGRAM. Their ability to meet deadlines while being efficient and accurate throughout every aspect of the job is remarkable."

Gina - Principal, Tangible Strategies

"I have worked with INTEGRAM for over seven years; on jobs as large as 300,000 pieces and as small as 1,200 pieces. No matter what the quantity or who the client, I have always received a superior level of high quality professional service delivered in the most cheerful manner. Working with INTEGRAM is a collaborative effort as they will often make helpful creative suggestions for package design and mailing. It is truly a pleasure to work with INTEGRAM."

Katie - President, DLP

"For over 6 years I've been able to turn to INTEGRAM for all my direct mailing needs. Their high quality of work and professionalism separates them from other mail shops. They can get jobs out quickly, and more importantly they can do it without compromising the quality of the mail piece. Add in their trademarked AIR GRAM format, which is ALWAYS a successful package for our agency, and that makes INTEGRAM a vendor you can always count on."

Micheal - Production Coordinator, Eberle

"INTEGRAM has been a leading partner in (our organization's) advocacy campaigns. They always turn out work of high quality and never seem to get fazed by tight deadlines or custom requirements. With so many projects to juggle during any given campaign, it's a pleasure to work with such a reliable and dedicated team of individuals."
